Your Requirements

Please detail any technical requirements additional to our standard room tech list (found in the FAQ at the end of this document)	
Please detail any extra assistance you need from us e.g. extra gophers	

Your Tech

A list of tech you will find in each event room can be found at the end of this document.

It is recommended that you bring your own device to present with (e.g. laptop).

Hibanacon will provide a computer in each event room in case your equipment can't be used, however we can only support open-source office products, so please ensure any presentations you intend to use are created in Open Office or Libre Office.

We cannot guarantee internet access, so it is strongly recommended you do not rely on cloud-based software or storage for files you will need during your event.

If you are bringing a laptop to present with please let us know what video and audio-output you need to use.

If you're unsure, please attach a photo of your laptop's connections to your return email and we can arrange for the appropriate connections to be available.

Your files

If you have a presentation, media, etc. that you would like to send for us to keep a copy, please attach it to your return email

Final Comments

FAQ

This FAQ will provide some information on what you can expect as an even runner at Hibanacon.

When should I arrive to my event room

Unless other arrangements have been discussed, please arrive **15 minutes** before the start of your event, this allows set-up of your equipment, sound checks, and resolution of technical issues before your scheduled start time.

What help will I have to set up?

A member of the Hibanacon tech-crew will meet you in your event room to help you set up your sound, laptop, presentation, etc. This will take place up to **15 minutes** before the start of your event.

How long can my event run?

For the full timeslot you have selected; there is a 30-minute changeover period between events in each room which allows for get-in and get-out, so if you've asked for a 1-hour timeslot, you get the full hour.

What are the event room facilities?

As standard each event room will have:

- A projector
- A sound system with 1 wired mic and speakers
- A desktop PC with the following software:
 - Microsoft Windows operating system
 - Libre Office
 - Open Office
 - VLC Media Player
 - K-Lite Mega Codec Pack

What connections are available on the projectors

Typically, these will support VGA, some also support HDMI depending on the projector in question.

Please let us know what connection your laptop requires so we can ensure the appropriate connections are available in your event room.

Can you support X piece of software?

We can only provide the software listed above, if you require specific software for you event, you will need to bring your own laptop.

I need extra...

No problem, let us know when you submit your even form what you need (extra mics, etc.) and we'll arrange to provide it.

Can you record my event for me?

No, however we can help hook up your own recording equipment, please let us know well in advance if you want to do this.

Can you keep a copy of my presentation in case my laptop doesn't work?

Yes, please attach it to your return email when you submit your event form.

What if I need help during my event?

There is a radio in each event room which can be used to call for assistance. A radio-etiquette-and-usage info sheet will be available in each room for you to use.

I have a question not answered in this FAQ

Please send an email to events@hibanacon.co.uk and the events officer will respond to your query.
